MINISTER'S MINISTERING

Greetings in the Name of Our Lord Jesus Christ of Nazareth!

Hebrews 11:1 Now faith is the substance of things hoped for, the evidence of things not seen.

Romans 10:17 So then faith cometh by hearing, and hearing by the word of God.

2 Timothy 1:7 For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind.

"What Fragrance Are You Wearing?"

I want to share with you the experience I had in 2006. I was changing channels on my television trying to find something decent to watch when I came upon a channel showing what looked to be a mystery movie. As I continued to watch, I real-

ized it was looking more and more like a horror movie. I do not watch horror movies but for some unusual reason I couldn't seem to stop watching. God revealed the reason to me later.

The movie was about a sister and brother going home from college for the weekend. On the trip home, they saw what seemed to be a man dropping a body down a huge pipe. They continue to drive on but then decided to go back and check it out. While attempting to look down the pipe, the brother fell into it. As he walked through the tunnel he saw dead bodies dressed in normal apparel sitting as if they were at a party, but different parts of their bodies had been removed and the area sewed back together. He eventually was able to get out

of the pipe through an underground tunnel that went to an old church building several feet away.

They decided to report this to the authorities, so they stopped at a restaurant and called the police. They tried telling the people in the restaurant about what they saw but they just ignored them and acted like they had no idea of what was going on. Before the sister could pick up the phone to call the police, the phone rang, no one seemed interested in answering the phone, so she did. The voice at the other end was that of a woman, who proceeded to tell them what was going on and what to do.

WHAT FRAGRANCE ARE YOU WEARING? (CONT. FROM PG. 1)

She told them that every year at the same time, this creature would appear and would kill people and take parts of bodies that it needed to exist. She told them that since they had seen what the creature did, it would come after them next.

The sister and brother decided to drive to the police department to get help and again they were ignored. As they were leaving the building, the woman that they spoke with over the phone appears at the building. She tries to tell them how to protect themselves. She explains that the creature will only attack those who feared him. The sister understood what she was saying but the brother was so afraid that he couldn't even comprehend what she was actually saying.

About that time the creature appeared, fought with the woman, and snatches the brother and sister. He begins to smell each one of them. The sister remembers what the woman told her and controls her fear but the brother was so afraid that the creature pushes the sister aside and takes the brother. The

sister begs for his life and tells the creature to take her instead but the creature flies away with her brother.

Afterwards, I thought why did I sit there and watch this horror movie, but during the night and the next day at church, God began to reveal it to me.

God asked me the question, **“What fragrance are you wearing?”** The scent of faith or the scent of fear?

Faith (Forsaking All, I Trust Him) is the opposite of fear. Fear (False Evidence Appearing Real).

Just as the creature smelled the sister and brother for fear, Satan can smell the scent of fear as well as the scent of faith. He will devour fear, taking the parts needed to keep him alive in you, whether it is doubt, unbelief, confusion, worry, strife, unforgiveness, etc. He will only attack those areas you are weak in, but he can't touch faith—he can't stand the scent of faith.

How do we apply the scent of faith? - “Faith comes by hearing”—hearing the Word of

God. We must take heed to the Word of God, knowing that He knows more than we'll ever know, but the more we know, the more faith we have—Faith can't come from someone else's relationship with the Lord; it must be in-bred—daily consuming the Word of God.

We put our fragrances on in selective spots on our body to enhance the scent by the hormones in our bodies merging with the fragrance. In the spirit realm, when Satan smells the scent of fear, he thinks he's won. We must apply the selective Word of God to the area where Satan is trying to devour us. Knowing, speaking and praying the Word of God enhances our faith.

So today I ask you the same question, What fragrance are you wearing? The scent of faith or the scent of fear? I praise God if your answer is the scent of faith, but if not, begin to read the WORD of GOD and allow the scent of faith to replace the scent of fear.

TESTIMONY TIME

In 2002, Sis. Francis was diagnosed with Emphysema associated with COPD. She was put on 24 hour oxygen with only a couple of years at most to live. After several trips to the ER, she was told by the Doctor to get everything in order.

But faith in Jesus brought her out. One time at church, as the Praise team was dancing to "Brighter Day" by Kirk Franklin, Sis Francis was led

by God to get up and praise God through the Gospel Soul Train line, With her oxygen tank in hand, she praised God like David did before the Lord.

Through much prayer and faith, she knew God could and would heal her. In 2006, Sis. Francis was undiagnosed with emphysema and is totally off all oxygen. She thanks God for all he has done for her and for the

many more blessings to come.

Thank God for his healing power.

23 Psalms

The lord is my shepherd, I shall not flunk; He keepeth me from lying down when I should be studying. He leadeth me beside the water cooler, for a shady break; He restores my faith in study guides. He leads me to better study habits for my grade's sake. Yea, though I walk through the valley of borderline grades, I will not have a nervous breakdown; For thou art with me. My prayers and my friends, they comfort me. Thou has giveth me answers in moments of blackness; Thou anniontest my head with understanding. My test paper runneth over with questions I recognize. Surely passing grades and flying colours shall follow me all the days of my examinations. And I will dwell in this school/ university forever, Amen.

MALE PERSPECTIVE

When asked to write a piece for this newsletter, I asked myself, Where do I begin? Well after some procrastination, I decided to just say what was in my heart and let my fingers type what they were led to peck at.

The one thing that really stands out at the moment is the talents that God gave me.

I've been blessed with the ability to play various musical instruments and the ability to be creative somewhat with a computer. Sure, I've not always used these talents just for the Lord, I've played the club circuits etc. But my heart is always drawn back to where I started, in Church. And in church is where I am

the happiest when playing. And utilizing my computer skills for his work in creating websites etc. I guess in some ways this is more a testimony of sorts, but I thank God for all that he has given me. Not only in talents, but in family and friends as well. God Bless You All!
